BIFA Workshop #2

Border Projects

- **Regional ITS Architectures contain an identification of ITS related projects with some indication of “sequencing” of the projects**
- **For BIFA several options:**
 - **Include list of border related projects**
 - **Reference other location(s) where this information is identified**
 - **Don’t include project info**
- **Which Option should we embrace?**

Specific Comments

Border Related Projects

- **Comment:** There should be a link to the Border Infrastructure Compendium/other resources
- Identify existing border project lists
- Discuss utility of border project list in BIFA vs. other existing project lists
- Define desired BIFA project list
 - How comprehensive?
 - How much info for each project?
